Subject: Workplace Safety

In these times of limited resources, it has become more crucial than ever to safeguard our most important resource: our people.

As members of the UC Irvine community, we have a responsibility to build upon our excellent safety record as we continually work to create a culture of safety. The Safety on Site (SOS) program [http://www.ehs.uci.edu/programs/iipp/index.html](http://www.ehs.uci.edu/programs/iipp/index.html) and the Wellness and Safety Toolkit [http://snap.uci.edu/viewXmlFile.jsp?resourceID=3490](http://snap.uci.edu/viewXmlFile.jsp?resourceID=3490) provide a framework for these efforts. We urge you to implement the SOS program and to integrate the toolkit resources into your workplace. Thank you to those of you who are already doing so.

Each of us has a role in keeping UC Irvine safe. We appreciate you taking action to do your part.
