

### Dumpster Bins

Help improve water quality by minimizing pollutants such as trash, chemicals, and eroded soil from entering the storm drain. Prior to an anticipated rain event, please inspect your area and review these guidelines.

Dumpster bins must:

1. Be in good working condition,
2. Have lids or be stored under a covered area,
3. Not be overfilled, and
4. Not leak liquids.

Dumpster bins should be labeled with “Keep Lids Closed” signs.

Keep dumpster bin storage areas clean.

Report dumpster bins that are damaged or with missing lids to Facilities Management by calling (949) 824-5444.

Report hazardous materials spills, dumping, or non-storm water discharge into the storm drain system:  
Call Environmental Health & Safety (949) 824-6200

Report water leaks or irrigation issues:  
Call Facilities Management (949) 824-5444

Contact **EH&S** at (949) 824-6200 or [safety@uci.edu](mailto:safety@uci.edu) for questions.
