

Fueling Operations

Help improve water quality by minimizing pollutants such as trash, chemicals, and eroded soil from entering the storm drain. Prior to an anticipated rain event, please inspect your area and review these guidelines.

Do not leave fueling operations unattended.

Use absorbent pads to clean small oil spills.
Dispose of used pads as [hazardous waste](#).

Maintain equipment and vehicles to prevent oil leaks. Use drip pans when leaks occur.

Maintenance on equipment and vehicles must be completed indoors.

Do not refuel equipment near storm drains.

In the event of a spill, stop the flow of fuel/oil and contain the spilled material if safe to do so.
Report to EH&S at (949) 824-6200.

Report hazardous materials spills, dumping, or non-storm water discharge into the storm drain system:
Call Environmental Health & Safety (949) 824-6200

Report water leaks or irrigation issues:
Call Facilities Management (949) 824-5444

Contact **EH&S** at (949) 824-6200 or safety@uci.edu for questions.
